President's Message

Today we are pleased to welcome Old Laurentians for their fifth visit to London Road for this Counties 2 Midlands East (South), and to celebrate the start of the season, delayed due to the drought experienced across much of the country.

At Stockwood Park Rugby Club, we are playing rugby for our 81st season, having been founded as Old Lutonians by some former pupils of Luton Modern School. The first season was played at their alma mater, and this is the 80th season of playing at Stockwood Park. Since its early beginnings as a one-team, former-pupils club, we gradually grew in size, started attracting players who had not attended the school, changed our name to Stockwood Park, became one of the first

clubs in the area to provide rugby for minis and juniors, and then one of the first to provide women's rugby. Last year, we celebrated the 50th anniversary of mini and youth rugby at Stockwood Park. Building on this, the Stockwood Park Trust, supported by sponsorship from local and national businesses, provides support for local children to play rugby.

We try to be a club that upholds those qualities of rugby which promote the friendships that have defined the game for many years – competitiveness on the pitch and warm hospitality off it. We understand that it is necessary to embrace disappointments in the same way that we celebrate successes, having experienced the highs and lows that the game brings. The club's fortunes have fluctuated on the field over the years; at times, we have been the strongest junior club in the East Midlands, representing the Constituent Body in national competitions, and for one season, we were the lowest-ranked team in the town. Last season, we finished third in our league and won the Bedfordshire Shield, and we will look to build on this success and a promising pre-season under our new coach.

Over time, Stockwood Park has developed a reputation for getting things right in terms of its organisation and sustainability. The club has benefitted from the endeavours of some tremendous servants over the years, who have ensured that we treat guests well, that the bar has run efficiently, that the club's finances have been healthy, that the facilities have been maintained to a decent standard, that the pitches are ready on match day, and that there has been a thriving social side off the field. Throughout this time, the club has not only been a local rugby club, but has also played its part in the local community and the broader rugby family, hosting schools tournaments, providing facilities for county representative matches, and providing officials to support the work of Bedfordshire County and the East Midlands RU. In addition, the club has tried to be a good and welcoming host to visiting players, supporters and officials.

I believe that it is the spirit of our club that has encouraged hundreds of people over the years to give of their time voluntarily for no financial reward, that has enthused former players and others to turn up to watch matches regardless of the weather or the performance on the field, and to put their hands in their pockets to support the club financially. It has imbued a sense of loyalty in players to stay through thick and thin with their mates rather than seek financial reward elsewhere, and it has brought back to the club talented players who were good enough to perform at the highest standards, when their time in the upper echelons of rugby had come to an end.

Today's match is sponsored by the clubs wonderful Dominos team. We are very grateful to our sponsors for their support, and hope that they and their guests have an enjoyable day at the Club.

Enjoy your day at Stockwood Park, whether you are a player, supporter, official of either club, or indeed someone coming along just to watch a game of rugby.

Chairman's Message

A very warm welcome to you all, especially our friends from Old Laurentians in Rugby. No doubt, based on previous recent encounters, this will be a tough season opener, against OL's, which for those that have witnessed myself over the last couple of seasons, is easier to type than for me to say, much to my embarrassment and everyone else's enjoyment. Hopefully I'll get it right this afternoon, however I may stick with OL's

Our first team, achieved two excellent hard fought victories last season, however the men in red and yellow, will be under no illusion that OL's will be a difficult game, which will almost certainly be played on a bone-dry track.

The summer has been eventful and unexpectedly long, the weather, as we all know, has been very hot, enjoyable for many but not constructive with getting everything ready for the season, as easily as previous years. We welcome new head coach, Ronnie Speakman, to the club for his first and we all hope many successful seasons ahead at London Road. We have all be impressed with his dedication, honesty and communication within the club since his arrival. Ronnie has without doubt been frustrated more than anyone, with the playing conditions and therefore restrictions imposed due to the hard ground, so let's all get behind him and show him what a brilliant club he has joined, along with the honour of being the club's new head team coach. Connor Underwood is the new First Team captain a product of our brilliant Mini & Youth system, he was so impressive when stepping up towards the end of last season, especially during the Beds Shield Cup Final. Without doubt that was one of my proudest moments associated with this club, not just because we won (it did help) but to witness a crowd easily in excess of 350 supporters, not just from both clubs, but people from within the town, proving without doubt, how highly regarded and enjoyed our sport and club is regarded in the town.

It will be brilliant to see our 2's run out against Old Northamptonians this afternoon, Dan Hooper has again agreed to be skipper, which should enable us to build on last seasons foundations. We have an exciting opportunity, with some former Colts now of the age to play senior rugby, again testament to the hard work our M&Y section, tirelessly put in for the club. Many rugby clubs, the length and breadth of the country, are struggling to maintain enough players for one senior side, please do not undervalue or take for granted how important this side is to the future of this club. The gratitude and support for every single player are never in doubt and we wish all players this afternoon, every success today and for the forthcoming season.

Lastly, I would like to thank our match day sponsors, a real special group of club members who have been supporting the club for many years and if I am honest the real foundation of the club. The Dominos team are a special group of friends and former players, who are in attendance nearly every week, their dedication and support of this club is an inspiration to us all.

Captain's Message

Welcome everyone, to the start of the 26/27 season, firstly I want to say what a huge honour it is to be captaining the 1xv this season, having played since 17 and under some great leaders, it's a massive privilege to be writing my first captain's message.

Thank you everyone for their support across last season, I hope it continues this year and we can improve on our successes. As ever, a special thank you to our sponsors throughout the year and today to our dominoes team.

The lads have prepped well this year, with new coach Ronnie at the helm, we can't wait to showcase everything from pre-season. No better way to kickstart the season, than two teams at home. Good luck to all in red and yellow this weekend

Connor Underwood,
SPRFC Club Captain

COMMUNITY RUGBY TRUST MESSAGE

Last month Mr Stuart Grainger, the RFU Executive Director of Rugby Development visited London Road, following the incredible work The Community Rugby Trust has been achieving in our local schools.

This is a clear sign and real indication the incredible achievements that Alistair Body and his team are managing within our local schools and the wider community. Outlined below are some of the reasons why the RFU are so impressed with their work, everything the Trist achieves is making real life changing experiences for these children and Stockwood Paek Rugby Club are absolutely honoured to play a small part with offering assistance with the use of our facilities and assisting with coaching, where possible. The Trust go into local schools and deliver rugby coaching sessions in curriculum PE time and as after-school clubs, fully funded, with a clear pathway back to the club.

What we have achieved so far:

- 1,135 children coached in 2025/26 across seven Luton schools, up from 310 in our first year
- 56% of children progressing to club sessions came from Free School Meals backgrounds
- £4.13 total coaching cost per child, achieved through community commitment and school partnerships
- 33% growth in youth membership at Stockwood Park RFC directly attributable to the programme
- Teachers consistently report improvements in behaviour, focus and confidence that extend well beyond sport

Before sessions, 45% of the 631 children we surveyed had a low view of themselves as a rugby player, with most associating the game with “tackling” and “roughness”. After sessions they described it as “fun”, “teamwork” and something they had “enjoyed”. The sport looks entirely different to a child who has actually tried it.

To continue this outstanding work The Trust are currently

running a crowdfunding page to raise some much-needed funding. Every pound that is raised will enable The Trust to unlock Sport England's match pledge of up to £15,000.00. Imagine what these wonderful people could do with £30,000.00 considering what they have achieved with very little funding so far. Every pound raised goes into coaching hours, kit and club membership for children who need it most. If anyone can help no matter how little or big please visit their website, below:

<https://www.communityrugby.co.uk/>

and click on "donate" at the top of the page, remember every pound donated will be matched.

In the words of the RFU Executive Director of Rugby Development following his visit "Set up just two years ago when they took rugby into local schools, they have increased their junior membership by 100% across these two years, all self- built and self-funded with their total 'can do' attitude."

The screenshot shows the homepage of The Rugby Community Trust website. The header is dark red with a navigation bar containing five buttons: "Home", "Donate", "Sign Your Child Up", "News & stories", and "Get Involved". Below the navigation bar is a large banner image of a rugby team in red and yellow striped jerseys standing in front of a building with a yellow sign that says "RFC". Overlaid on the banner is the text "The Rugby Community Trust" in small white font, followed by "Changing Lives Through Rugby in Luton" in large white font. At the bottom of the banner, there is a quote: "We remove barriers and open the game to every child. Through providing free in school coaching, holiday clubs, kits, and financial support. So we can ensure no child is left on the sidelines." On the left side of the page, there is a large red vertical bar containing the organization's logo, which consists of three stylized figures holding up a laurel wreath. Below the logo, the text "THE COMMUNITY RUGBY TRUST" and "STOCKWOOD PARK" is displayed.

The Rugby Community Trust

Changing Lives Through Rugby in Luton

We remove barriers and open the game to every child. Through providing free in school coaching, holiday clubs, kits, and financial support. So we can ensure no child is left on the sidelines.

THE COMMUNITY RUGBY TRUST
STOCKWOOD PARK

BEDFORDSHIRE SENIOR MENS SHIELD FINAL

SPRFC 45 – 19 Luton RFC

On a magnificent occasion for local rugby, next door neighbours Stockwood Park RFC and Luton RFC played out an excellent Bedfordshire Shield Final under floodlights at Park's London Road ground and in front of one of the largest crowds seen at Stockwood Park in recent years. The game was played in great spirit, well refereed and although Luton were competitive until the end, scoring two late tries, it was Park who emerged as the clear and worthy winners, scoring 7 tries in a final score of 45-19.

Park took an early lead from a very good team start, Fly Half Sean Martyn, competitive throughout, diving over in the corner. Luton soon responded with a well worked converted try before further tries from Park by No 8 Michael Powell and Hooker Alfie Daly followed with Centre Nick Dundee, adding the extras with 2 magnificent conversions. The score was 19-7 at the break.

In the second half Park moved up a gear. Acting Skipper and Lock Forward Connor Underwood was dominant in the lineout with the back row forwards of Michael Powell and Flankers Sonny Monaghan and Park's Man of the Match, Dan Loft, competitive throughout. Further tries for Park came from strong running Lock Forward Sean McIntyre followed by a brace of well worked tries from the influential and skilful Nick Dundee, both of which he converted.

With the score at 38-7 Luton were rewarded for their persistence with two well taken tries to take the score to 38-19 before Park's Will Standing completed the scoring with a try under the posts converted by Dundee to give Nick Dundee a personal total of 20 points and Park a well-deserved Bedfordshire Shield victory by 45 - 19.

The Shield Final marked the last game in control for Park's Head Coach Tom Edmunds. Tom stands down after 8 years in charge. A product of Park's Mini and Youth system himself, the fact that 15 of Park's 22-man match day squad have come through the same Mini and Youth set up underlines the importance of it to the Club. Tom has been a giant for Stockwood Park, in more ways than one, and the Club wishes him well for his future.

On This Day In History

Bert Fensome was captain for a third time, and for the second successive year for the 1953-54 season. On **26th September 1953**, the 1st XV beat Old Albanians 28-3 in St Albans, whilst the 2nd XV, captained by Harold Turvey won 14-6 at home against the same opposition.

On **26th September 1998** Stockwood Park, captained by Richard Holmes in his second season in the role, beat Derby 26-24 away, building on the 70-0 home win over Towcestrians a fortnight earlier in the first match of the league campaign. Richard was a hard-tackling, committed back row forward, who led by example and was prepared to put his body on the line. Unfortunately, the results for the 2nd XV, Shepherds and 4th XV, captained by Jason Fraser, Leon Blethyn and Bob Flint respectively, currently remain a mystery. Mark McIntyre was awarded his colours at the end of the season, in which he made the most 1st XV appearances, and the club achieved a respectable 10th place out of seventeen in Midlands 2 East. The Lowther Kicking Cup was won for a second year by Andy Finnie, who had returned to the club after an illustrious career at Bedford where he held the record for being the top points-scorer, whilst Kevin Poole was again the club's top try-scorer. Colt of the year was Steve Diver.

TODAYS OPPONENTS

Welcome to everyone from Old Laurentians who have travelled down from Rugby for the delayed start of the season. For those who have had the pleasure of travelling to Lime Tree Avenue, we always receive a very warm welcome, whenever we visit the clubhouse, especially when the beautiful open fireplace is in action A proper rugby club with very vociferous support, enjoyable craic after the final whistle and an excellent selection of filled bread rolls behind the bar.

The clubs first met in March 1999, when Stockwood Park beat the visitors by 26-22. The following season, Old Laurentians gained revenge with a comfortable win at their ground. Last season, Stockwood Park won on both occasions narrowly, 19-15 victory at home, and 24-17 away. Of the eight encounters, each club has won four times. The table below is how we both finished last season.

#	TEAM	P	W	D	L	PF	PA	+/-	TB	LB	Pts
1	Oundle	21	21	0	0	1035	286	749	17	0	105

1st XV Head Coach's Message

Good afternoon and welcome back to Stockwood Park for the start of what thanks to the weather is a delayed season. From our point of view the extra few weeks have allowed us to continue to make progress, with what is a changed group from last season.

Our only hit out at Harpendon 2s was certainly a game of two halves however the group eventually started to click and we played some very nice rugby.

We look forward to welcoming our opponents to London Road today and hope to entertain you with some good attacking rugby. We are excited to be able to put two teams out today and have nearly 40 players available to pull on a SPRFC jersey this weekend which is something we have highlighted as being important to us as a group this season.

We hope you enjoy the afternoon and look forward to hearing from you on the touchline.

CLUB NEWS

Over the summer the Stockwood Park Rugby Club family unfortunately lost some much-loved former friends who were involved in the club for many years and in many ways. Below are a few words to remember these friends, in recognition, there will be a one minute silence before the game this afternoon.

ALAN FARMER

Stockwood Park's playing reputation at the highest level, might not have been influenced by Alan Farmer but it's reputation as an outstanding home for grass roots rugby was driven by the likes of Alan and his many friends and team mates, in the lower sides at Stockwood Park.

Alan loved his rugby, he was a forward, he loved his Saturday afternoons representing the Club and he loved his Saturday evenings reflecting on the day!

He was a hugely reliable club man, always available, home or away. He brought enthusiasm, humour and a deep commitment to the club both on and off the pitch. That enthusiasm extended to a singalong where he often supported club pianist Phil Lorman and his rendition of Jezebel had to be seen to be believed.

He was a friend to us all and for those of us whose playing career ran parallel to Alan's through the '70's and '80's, there were not many Saturday nights that went by without a chat in the clubhouse on the day's entertainment. He was a Stockwood Park man to his boots and will be greatly missed. RIP Alan.

CHRIS BATER

A Vauxhall Motors stalwart, Chris turned out numerous times for Stockwood Park, whenever his own club didn't have a game and the Park could accommodate.

An excellent flank forward Chris was one of the standout players for VM-RUFC in their successful years in the 1980's, finishing his playing career towards the end of the 90's.

Well loved by all the rugby clubs within the town, Chris loved his rugby, was a fine tourist and always on hand to help wherever and whenever he could both off and on the pitch. He sadly and suddenly passed away in July, in March, Cambridgeshire, where he had retired. RIP Chris.

DIANE BROADHURST

Much loved wife of club legend Diane sadly passed away at the beginning of the month. Diane was very much involved with the Minis section and the club generally for many years, always on hand to assist Alan with whatever he was involved with – sometimes whether he liked it or not!! RIP Diane

EPELI (PELE) SERU – A TRIBUTE

Training was about to start and this hand the size of a dinner plate appeared, followed by a smile that went from one side of the pitch to the other, and this voice said, hello mate, my name is Pele, can I play rugby?

So began the story of the Fijian who came to Stockwood Park rugby club, Epeli Seru (Pele), who improved and influenced so many people he encountered. Those of us lucky enough to remember the rugby Epeli, know what an outstanding, dedicated player and personality he was within the club. Some of us were also lucky to discover, what a wonderful, humble, caring person, he was away from the club. With a heart of a lion and a wonderful sense of humour, he was known for regularly catching out many, with his tales and stories, liberally sprinkled with the truth.

He was not just Fijian, Epeli Seru, was a firewalker from Beqa Island details of which can be watched on BBC iPlayer (David Attenborough's People of Paradise).

When my family and myself were invited round to his house one Sunday afternoon. Epeli was preparing a Lovo (an underground BBQ). Firewood and Volcanic stones are placed in a pit, and heated until the stones glow. Banana leaves and Hessian sacks are placed on the stones then the food, in cooking order, dense vegetables, meat, and delicate vegetables covered with Hessian sacks placed over the food, the pit is sealed covered with more banana leaves and sand.

Intrigued, when quizzed on cooking time, Epeli answered by looking up to the sun's position and announced, "when it gets to that position" pointing to a burst of clouds, in the opposite direction, "the food will be cooked" Feeling privileged by this shared information but unsure, when quizzed if true – he responded with his wonderful smile, roaring with laughter "I have an alarm on my watch."

Proudly we were shown by his family, photos of young Epeli playing rugby. In the photos with Epeli was New Zealand All Black Andy Hayden, the Australian Ella brothers, and many more famous names. A measure of this humble man, was when complemented that he must have been a very good player he appeared embarrassed

Epeli was married to Linda and had two daughters, Lusiana and Rachel. They moved to England in 1986. They would like to, along with the rest of the family, express their thanks to everyone that opened their hearts and welcomed Epeli into the Stockwood family. He often said, how much he missed Fiji, but the warmth and kindness he felt towards him, from everyone at Stockwood Park, helped ease that pain.

We all have so many stories and memories of his sense of humour and his devotion to his family and friends. Epeli you will be missed, these words are a credit to our Fijian brother, it was a privilege and an honour to meet you and the greatest gift you gave to me was your friendship.

This tribute was provided on behalf of the club by Coogs – close friend, teammate and fellow number 7.

PARK WOMEN

After a long hot summer the Womens Team return to action this Sunday, pitch conditions permitting at London Road, to face Aylesbury RFC. With plenty of new faces and a strong pre-season the Women are confident that this season could be their best yet as they look for promotion to NCL.

Last Sunday they had a run out in a players v supporters match touch game to help embed a real connection between the players and those who come week in week out in support.

PARK WOMEN

WHAT'S ON AT THE PARK?

Please keep an eye out on social media, the club's notice boards and the Website for future updates and upcoming events.

One easy way to support the club is to share and like Social Media posts, the cheapest, easiest and most effective of letting the world know about the Mighty Park.

HUNTINGDON & PETERBOROUGH VS BEDFORDSHIRE SENIOR MENS COUNTY MATCH H&P 19 – BEDS 31

L-R Tom Edmunds (Coach), Jordan Fadjou, Mark Smith, Michael Powell ©, Nick Dundee, Olly Daly, Jerome Isles, Will Edmunds

Bedfordshire Senior Men's completed the rugby season in fine fashion with a fine 31-19 win away at Peterborough Lions RFC, on 29th May 2026..

Brilliantly led by skipper Michael Powell all evening Stockwood Park RFC had the honour of providing no less than seven of the squad in a highly entertaining encounter to finish off the 2025-26 season.

For the record Beds fought back from 19-7 down midway through the second half to wrap up a convincing victory, with Isles, Smith and Daly who was winning his first cap for the County, all weighing in with a try each, with Dundee adding three conversions.

MATCH REPORT 05/09/2026

HARPENDEN 2'S V STOCKWOOD PARK PRE-SEASON FRIENDLY

Stockwood Park RFC played Harpenden RFC on Harpenden's artificial surface in a practice match ahead of their respective league seasons. The match was played in 4 x 20-minute sessions and both Clubs took advantage of the game to view new players and in Stockwood Park's case to view some of their promising former Colts.

Park started slowly and were 43 – 12 behind at the start of the third quarter. However, as their side began to take shape they started to play with confidence and finished strongly, scoring some excellent try's.

The game was an encouraging start for Park's new Skipper, Lock Forward, Connor Underwood and for their new Coach Ronnie Speakman. Skipper Connor Underwood, a product of Park's Youth system, was dominant in the lineout and commented afterwards that he was encouraged by the start to the season and by the opportunity to view some of the younger players.

Try scorers for Park were. Connor Underwood. Olly Daly. Mark Smith, Jerome Isles. Thulani Dhilwayo and Nick Dundee who also added 4 conversions.

DICKENS BAR AND CLUBHOUSE

Hopefully you will have all visited the newly refurbished Dickens Bar (pictured below), something that the club is very proud of and we hope will be able to be utilised for a quieter welcoming experience for anyone visiting the clubhouse, if the hustle and bustle of the main clubhouse is not as appealing. It would, we hope, also give the opportunity for the club to raise some revenue by hiring the room for conferences, meetings, smaller funerals, parties and the like. The hiring of the club is available to all members, except matchdays, however, we will always try and accommodate, where we can. The clubhouse is a perfect venue for any occasion and our Bar Manager, Charlotte Drummond will be pleased to discuss your requirements, feel free to email on: charlotteSPRC@outlook.com (please note that is not a typo it is the correct email address)

Proud to support Stockwood Park RFC Mini & Youth Section

Hire the Facilities at Stockwood Park RFC

The hiring of the club is available to all members, except on matchdays. However, we will always try to accommodate where we can.

The Clubhouse is a perfect venue for any occasion and our Bar Managers, Debbie and Charlotte will be pleased to discuss your requirements to ensure that you have a memorable, enjoyable and pleasant experience for all.

Sponsorship Opportunities

SPRFC is Luton's only Community Rugby Club. Our Mini, Youth and Senior sections are staffed by volunteers who give their time (and sometimes money) to provide a rewarding and enjoyable rugby experience for the whole Luton community. The community spirit within the Club, the willingness of coaches, parents and players to help is the major driving force to the continued success of the Club. Players, who play for the Senior team, give up their time to assist the coaches with training the younger Club players, ensuring the community spirit within the Club is maintained. This gives all the younger members of the Club a sense of achievement and of what can be achieved in the future, gives them something to work towards and we believe assists with their attitude at school/life in general, providing essential life skills as they progress within their careers within the Rugby Club Community. We are extremely proud of the achievement, that 85% of the players in our current Senior squad began playing in our Mini and Youth sections.

As we have outlined above, SPRFC is a well established community based organisation. We endeavour and always strive to provide pathways and opportunities for all players, especially children, to become active in local, County and National communities. SPRFC helps the Luton community become physically active and learn important life skills and promote the Rugby core values:

- Teamwork
- Respect
- Enjoyment
- Discipline

All sponsorship funding is directly invested into the sport and is used to manage and improve the facilities. Areas of expenditure include:

- Game Development
- Coaches Development - attending RFU approved training courses
- Improving and Maintaining Club facilities - new equipment, floodlight servicing
- Team and training clothing

In return for your investment, SPRFC can help businesses increase brand awareness and image within the local community, we would hope, attracting new customers and developing relationships with existing customers. In addition, companies will also be able to showcase their devoted involvement in supporting the local community in Luton.

As Luton's premium Community Rugby Club, we very much thank you for considering our club to be used to promote your business. Please feel free to visit the Club's website/Facebook/Social Media platforms to review details of existing sponsorship branding. Any contribution will be greatly appreciated and all funds raised go directly into the running of the Club.
